#### Purely Palliative

KASTOL is good old-fashioned Castor Oil in a palatable form. Children like it.

X-RAY OIL is an excellent rubbing oil for pains and aches. Makes the pain fly.

The most balsamic expectorant is our WHITE PINE AND TAR; very soothing to the throat. Cures the cough.

Use more nutritious OLIVE OIL. We sell the pure kind. It's nutritious.

No medicine can be good unless the ingredients are of full strength. That's the kind we have.

## PETITION FOR MODIFIED QUARANTINE

The following clipping from the Houston Post shows the nature of the quarantine that has been established at Navasota. Believing that same is the correct way to handle the quarantine against meningitis the following petition was circulated in Bryan and signed as appears below:

**"Navasota Put on Quarantine."**  
"Navasota, Texas, Jan. 15.—The following was issued today by Mayor E. A. Scott and Health Officer J. S. Hooper:

"To Whom It May Concern: The public is hereby notified that persons coming to Navasota from points infected with meningitis will either be refused permission to remain here or will be isolated for a period of ten days."

Bryan, Texas, Jan. 16, 1912.  
To the City Health Officer, Mayor and the Honorable City Council of Bryan:

We hereby petition that the present quarantine be reduced to a modified quarantine, applying only against infected points. We request immediate action.

## VISIT FROM COL. MILNER

Strict Quarantine Maintained at A. & M. College Both Day and Night.

Col. R. T. Milner, president of A. & M. College, was in the city for a short while today and during the time paid The Eagle office an appreciated call.

Discussing the quarantine situation Colonel Milner stated that a strict quarantine was being maintained at College. That student guards were stationed at every entrance and the vigilance was maintained both day and night. Wood had been hauled to every post so the guards could have fires and there was no relaxation whatever. No person from anywhere on earth was allowed to enter the college grounds except from Bryan, and then only when provided with a pass from the Bryan health officer. He stated the further precaution had been taken requiring every person who remained on the campus to have a card bearing all the necessary information, and an inspection was made every day, and if any person should be found without the necessary card he would be forced to leave at once.

The president stated that this sleepless vigilance would be maintained until every semblance of danger was over. That the college authorities were leaving nothing undone, and the students and campus residents would be protected at all hazards.

Lost—Double case gold watch between powder magazine and Bryan, with my name on inside; will pay liberal reward for return. Henry Johnson.

#### Oklahoma Retail Merchants.

Anadarko, Okla., Jan. 17.—A large attendance marked the opening here today of the annual convention of the Oklahoma Association of Retail Merchants. The sessions will continue two days, during which time the parcels post, the relations between the jobber and retailer, advertising methods, co-operative delivery and other subjects of interest and importance to the retail trade will be discussed.

## An Appreciation

Lest some of our regular patrons should think that we are overlooking them in our efforts to secure new business, we write this little word of appreciation. The people who have stood by this bank we consider the salt of the earth. Nothing is too good for them. We are of course anxious to secure new business, but never at the expense of our regular patrons, for they are the people who have made this bank possible. We know it, appreciate it, and are free to acknowledge it. By treating all our old patrons fairly and extending the same courtesies to new customers we hope to grow stronger year by year.
